FABRIQUÉ EN ONTARIO

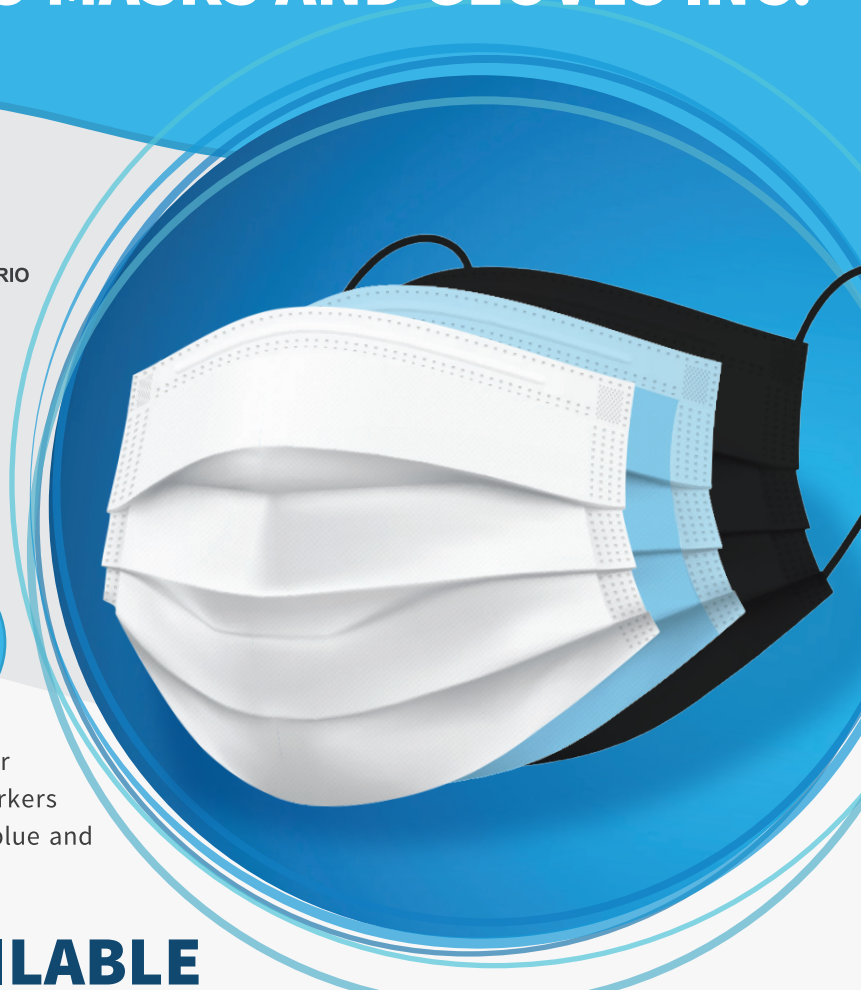

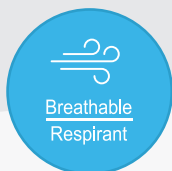

100% Canadian Made, Owned and Operated

Propriété et exploitation 100% Canadiennes

Sustainably run and socially conscious

Géré de manière durable et soucieux de la société

We manufacture medical grade ASTM (American Society for Testing and Materials) masks designed for front-line workers and common people. The masks are available in white, blue and black colours. Other colours are subject to availability.

TYPES OF MASKS AVAILABLE

ASTM LEVEL 1

Bacterial Filtration Efficiency | $\geq 95\%$

Submicron Particulate Filtration Efficiency at 0.1 micron | $\geq 95\%$

Differential Pressure (mmH₂O/cm²) | < 5.0

Fluid Resistance To Synthetic Blood, mmHg | 80

Flame Spread | Class 1

\$440 / carton

Additional \$40 for Black masks

ASTM LEVEL 2

Bacterial Filtration Efficiency | $\geq 98\%$

Submicron Particulate Filtration Efficiency at 0.1 micron | $\geq 98\%$

Differential Pressure (mmH₂O/cm²) | < 6.0

Fluid Resistance To Synthetic Blood, mmHg | 120

Flame Spread | Class 1

\$480 / carton

ASTM LEVEL 3

Bacterial Filtration Efficiency | $\geq 98\%$

Submicron Particulate Filtration Efficiency at 0.1 micron | $\geq 98\%$

Differential Pressure (mmH₂O/cm²) | < 6.0

Fluid Resistance To Synthetic Blood, mmHg | 160

Flame Spread | Class 1

\$520 / carton

1 carton of 40 boxes / 2000 masks

ABOUT US: Ontario Masks and Gloves Inc. is a Canadian company which prides itself for sourcing, manufacturing and supplying few critical products to reduce infectivity under the present pandemic. Ontario Masks and Gloves operates with the goal of providing 100% Canadian-made ASTM level surgical masks, complying Health Canada norms, at affordable price points. Our objective is to protect the Canadian people with high quality products to safeguard them from current and future pandemics.
